

Hoentzsch Flowtherm Ex datalogger

Explosion proof – handheld device for gas and liquid flow

Multi functional handheld unit with data logger for measuring flow rate, flow velocity, temperature, pressure and other variables in explosive atmospheres

Working Principle:

- for gases, gas mixtures and liquids
- various measuring modes
- in explosive atmosphere ATEX category 2G (zone 1)
- for vane wheel, vortex, thermal probes
- 4-20mA, 0-10V input
- large display with graphical view
- IP 65 datalogger with USB interface
- configurable software HLOG II

Applications:

- for gases, gas mixtures and liquids
- various measuring modes
- in explosive atmosphere ATEX category 2G (zone 1)
- for vane wheel, vortex, thermal probes
- 4-20mA, 0-10V input
- large display with graphical view
- IP 65 datalogger with USB interface
- configurable software HLOG II
